

# Casino Resort Convenience

Foodservice When and Where Your Team Members Need it the Most

365 helps casino resorts across the country save money on labor and operational costs while providing foodservice convenience to their team members and guests. Traditional employee breakroom service options have been replaced with self-service convenience that is open 24/7 and brings an overall safer employee experience.

**MicroMarkets** are unattended retail environments where team members enjoy endless snacking options on shelves and in open coolers—allowing them to grab-and-go, review nutritional information, and quickly and easily checkout.

MicroMarkets provide a complete touchless experience! Cashless payment options bring safer transactions to you and your team members.

- | Open 24/7/365
