

The 365Beacon

Add mobile self-checkout to your markets and dining facilities

With the 365Pay mobile app and 365Beacon, customers can scan and pay for products directly from their mobile device.

The 365Beacon streamlines the checkout process and serves as a "line buster" to increase speed of service and throughput in your locations.

Skip the kiosk with mobile self-service

- ▶ Bluetooth connection between 365Pay app and 365Beacon creates a secure and cutting-edge mobile market
- ▶ Eliminate long lines at the kiosk
- ▶ Create a kiosk-free, mobile-only market

Enhance your location with the addition of mobile checkouts via 365Beacon.
