Product & Menu Creation

Create café menus for breakfast, lunch, and dinner, and schedule them to automatically switch when the periods start and end. Alternatively, add non-scannable items to your micro markets, such as fruits and coffee pods, for customers to purchase at your kiosks.

Product Management

Create products globally across all of your locations or send them exclusively to specific markets. Using the Global Product Change, you can adjust a wide range of product details with a few keystrokes. Alternatively, make small price adjustments to specific products at a single location.

Inventory Management

Easily stock, count, and pull stale items through the Mobile Inventory website, right from your phone! Mobile Inventory turns your phone's camera into a barcode scanner, eliminating the need to purchase specialized hardware. Additionally, you can run pick lists and update inventory values right from ADM.

Bundling/Promotions

Create multiple groups per bundle, so consumers must buy an item from each group. Promotions are a great way to influence consumer behavior. ADM offers the tools to customize promotions in multiple ways to help drive product sales. Promotions can be used across all ADM platforms, Pay apps, and OrderAhead. There is a lot of customization for promos, so you can get very creative with them!

Gift Cards

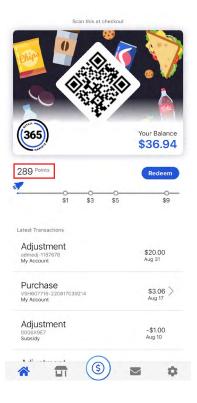

Create gift cards to share with your client or consumers. These can be used by clients for employee incentive programs or sent directly to consumers to reward or entice market usage. Gift cards can be set to expire after a certain date and can be used to cover art of a larger transaction.

Consumer Engagement

Create Gift Card					Cancel	Save
Title	Amount	Consumer Account	Expiration Date			
Title of Gift Card		Locked	✓ mm/dd/yyyy	Has no End Date:		

Loyalty System

The built-in loyalty program for GMA allows consumers to accumulate points with each purchase and to redeem for cash back on their accounts at loyalty-enabled locations. The reward program is also a great way to promote products by making certain products worth more points. locations.

Subsidies

With customizable groups, consumers can be allocated a daily, weekly, or monthly amount funded directly to their GMA accounts. At the end of each period, the funds can be topped off, or rolled over.
