

PicoCooler Breeze

The most secure solution with automated product recognition

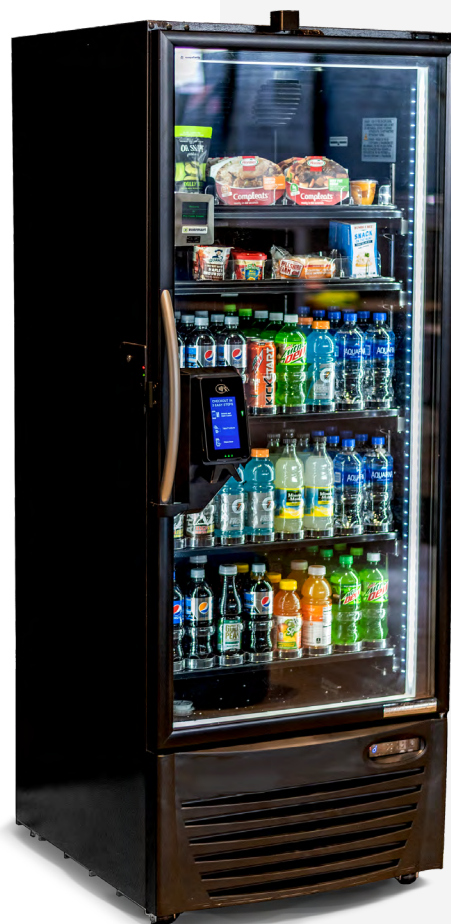

Think **Fresh**. Think **Anywhere**.
Think **SMART COOLER**.

With the controlled access PicoCooler Breeze, you can give customers the self-service options they want, combined with the security your business needs.

- Confidently expand your location reach into more public or high-traffic areas
- Give your customers the freedom to explore premium items before they buy
- Quicker turn on investment by stocking higher margin items, not limited to refreshments
- Interior LED light, temperature control cooler
- Integrated with 365 Retail's trusted back-end administration software, ADM
