

The PicoCooler

High-tech coolers unlocking new opportunities.

Secure coolers for semi-public spaces.

Secured cooler

Provide your consumers payment ease by having them use a variety of payment options:

Debit/Credit Card via Swipe/Insert/Tap or via 365Pay App

Refreshing snacks

Consumers enjoy fresh, cold food and beverage options that make it healthy and available on-the-go.

Scan-Pay-Go

Once items are selected, consumers simply scan the items and select checkout on the PicoCooler touchscreen.

Versatile technology of the future

The PicoCooler is the cooler functionality of the 365 PicoMarket. The PicoMarket is our smallest but most versatile technology that can be used on a kiosk (PicoMarket, PicoMarket+) a vending machine (PicoVend) or on a cooler (PicoCooler, PicoCooler Breeze).

The PicoCooler provides you with the opportunity to grow into semi-public areas, add a controlled cooler to your new and existing locations or complete your Connected CampusSM with a modern cooler technology. It furthermore enables you to run commercials and promotions on the PicoMarket screen.

EXPAND YOUR BUSINESS

PUTTING SMART COOLERS IN MORE PLACES
