

365 PicoVend Mini

A new-age vending technology

Modern vending for today's consumer

- Interactive, dynamic touchscreen display
- 4G Connectivity and payment versatility
- On-screen promotions & advertisement

Picking up lunch just got a lot easier

The 365PicoVend Mini is an innovative self-service vending technology that fits on any standard NAMA knockout with a smaller footprint—making it more versatile to fit on most machine models.

As part of the 365 PicoPlatform, the PicoVend Mini is a great addition to your vending fleet with its 365 Global Market Account access, on-screen nutritional information, Promotions and Connectivity versatility, and more.

The 365 PicoVend Mini packs a lot of punch and gives your consumers vending convenience they need and deserve.
