

MM6 for Micro Markets

The next evolution in 365 kiosk innovation.

A New Premium Kiosk Experience

Attract consumers in high-touch, high-traffic locations.

The large-format, countertop kiosk has a vibrant 22" touchscreen that provides an intuitive self-checkout process. Guide and engage customers through layered product menus, purchase details, and promotions. MM6 for Markets ensures maximum uptime and easy serviceability to help you capture more sales.

More Sales

- ▶ Attract and engage customers with a vibrant 22" touchscreen featuring layered product menus, easy navigation, and informative purchase details
- ▶ Never miss a sale with cashless, cash or market account payment options
- ▶ Boost revenue with on screen advertising and promotions
- ▶ Tighten loss prevention reporting by capturing market images within a 185-degree field of view

More Uptime

- ▶ Reduce maintenance time with easy to open book-like chassis
- ▶ Stay online and prevent service calls through built-in battery backup
- ▶ Receive real-time notifications of kiosk status
- ▶ Ensure audio guidance to return canceled items is heard with internal speakers
